## Your Messages in Our Flagship Publication Make a Lasting Impression

*NEA Today* is **the** publication for the 2.8 million members of the National Education Association, the nation's largest professional organization.

Produced to engage, inform, and advocate for members, each issue of *NEA Today* presents fresh, relevant content to help teachers and education support professionals stay current on everything that matters—from practical classroom tips to in-depth explorations of the toughest issues facing our public schools. And because educators are active, involved consumers, we also cover the topics that enrich and energize their lives after the bell rings.

*NEA Today* serves a diverse national audience of classroom veterans, those new to the profession, support professionals, and leaders in the field.

The NEA believes individuals are strengthened when they work together for the common good, and that we improve the teaching profession and the quality of public education when we work together. NEA members are united in their commitment to the promise of public education to help every student succeed, and the one publication that reaches them consistently is *NEA Today*.
